

Manufacturing Quality Products Since 1936

Salsbury Industries has excelled in manufacturing and distributing quality products for nearly 100 years. Our vertically integrated manufacturing and distribution facilities and our ISO 9001: 2015 Quality Management System allow us to effectively and efficiently produce components that are carefully manufactured, assembled, inspected, packaged and shipped to our valued customers. Our products are shipped from our manufacturing facilities and distribution centers in Los Angeles and Carson, California. Whether you are around the corner or around the world, most orders ship from our large inventory within 1 to 2 days of receipt.

Large Inventory

Quality System

Salsbury Industries manufacturing facilities are ISO 9001: 2015 certified. ISO 9001: 2015 is an internationally recognized Quality Management System that requires a company to continually improve the effectiveness of its processes for the purposes of enhancing customer satisfaction.

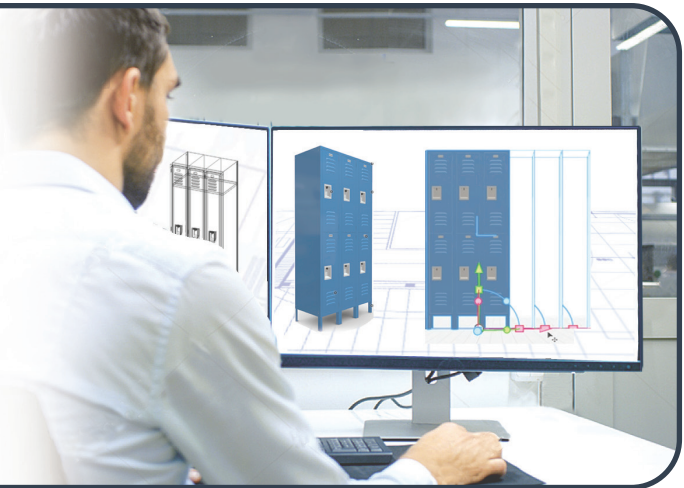

Powder Coating Paint Line

recycling program that ensures the proper reuse and reprocessing of our aluminum, steel, powder paint and corrugated materials.

Design Assistance

Our design engineers and sales professionals are available to guide you through the process of designing a locker room and selecting the appropriate lockers for your application. Visit the informative architectural resources section of our website at: www.lockers.com/architectural-resources to download product information, 3D Revit/BIM models, Augmented Reality (AR) models, detailed specifications, technical drawings and installation instructions. You can also submit required layout and options for a price quotation.
